Struck gasoline tank bursts into flames

Cause of explosion probed by officials

A jet fuel storage tank that survived a glancing blow without exploding in the crash of a jet airplane Dec. 15 at Wick and Middlebelt roads burst into flames Saturday evening.

The Romulus Fire Department, with the aid of firefighters from neighboring communities, quickly brought the blaze under control and allowed the fire to burn itself out.

The 700,000-gallon-capacity tank caught fire about 5:30 p.m., following an explosion of still unknown origin. One of five such structures at the site, the tank is owned by Union 76 of California.

Company officials would not comment on the possible cause.

Wayne County sheriff's deputies said no injuries were reported in the blaze. Traffic on I-94 slowed to a crawl during the fire due to gawking motorists and police rerouted cars on Wick and Middlebelt.

Romulus firemen were assisted by equipment from Wayne, Taylor, Dearborn Heights, Dearborn and Metropolitan Airport.

Enterprise-Roman plans format change

Because of a strike by several employees of the Belleville Enterprise and Romulus Roman, your copy of the newspaper has been delayed in production and doesn't have the extensive local coverage of previous editions.

The strike against the Enterprise-Roman began Dec. 19 after negotiations broke down the night before. Of the 57 persons employed at the paper, the strikes, for the most part, are made up of the editorial and production staffs.

"We have hired replacement editorial and production people and will now start to give you the local news of which you have been accustomed," said Acting General Manager Frank Shepherd.

"We are extremely pleased with our progress this week," said Shepherd, "and know our subscribers will be happy with our future plans."

"These include facelifting the product with new modern type faces, new format and a new concept in design," according to Shepherd.

"Our biggest plans will center around the retail advertising department," said Shepherd. "New management has been placed in charge of the department and we have some great ideas on giving the reader lots more 'advertising news' in the Eagle."

"The retail advertisers are here just waiting for us to present them some concrete ideas on how they can make their cash registers ring by advertising in the two newspapers."

We ask that all of those persons who normally submit information or advertising matter continue to do so either in person at the Associated Newspapers, Inc. office, 35540 Michigan Ave. West, Wayne, Mich., 48184, by mail or by phone at 729-4000.

In the meantime, we will continue to publish and thank you for your patience.

Bids awarded for water main

Although relatively routine, the Van Buren Township Board of trustees last meeting of the old year, Dec. 26 did see several decisive actions taken.

The contract for the extension of the 12-inch water main along Rawsonville Road was awarded to the Akron

Contracting Company. Ackron's bid for the work was \$139,561, almost \$30,000 less than the next low bidder.

It was decided to terminate the contract with the Newman Sand and Gravel Company, operators of the township site on Tyler Road. The Newman firm will have time to complete current contract

obligations and then vacate the property.

A resolution to abolish the Southeast Michigan Council of Governments (SEMCOG) was presented to the board. However the trustees chose to acknowledge its receipt and file the resolution.

More routinely, the trustees

authorized Wyandotte Savings Bank to collect township taxes and authorized the township attorney to use whatever means necessary to reverse the Boundary Commission's recent decision on annexation of school properties.

The trustees are set to meet again next Tuesday.

Court budget approved

At its first meeting of the new year, the Romulus City Council dispensed business primarily dealing with equipment and budgetary matters.

The budget for the 34th District Court was approved for fiscal 1973 at \$136,604.

The councilmen acknowledged the receipt of bids on a grader that had been advertising formerly. Those bids will now go to the director of public works for his recommendations.

It was determined that it would be necessary to advertise for bids on a rather large quantity of other equipment for the city. Bids will be sought on pick-up trucks, cars, a high-low, a back hoe and other equipment. Details and procedures for bidding can be secured at the Romulus City Hall, 11111 Wayne Rd.

The council decided that the most expedient means of ridding itself of the old unwanted equipment currently being stored by the city would be at public auction. April was set as the time for that event allowing ample time for public notification and preparation for the auction.

Sumpter hires new attorney

The firm of Wechsler & Wechsler has been retained by the Sumpter Township Board as its attorney.

The action, effective Dec. 27, was taken by the board at its regular meeting the night previous when the trustees terminated the services of Attorney William McKay.

Also at the meeting, it was announced that sealed bids would be accepted on a 1973 model van for the township.

Specifications for the vehicle are available at the Township Hall, 23483 Sumpter Road, Belleville.

A TREE GROWS AT VAN BUREN - Van Buren Township Supervisor G. Elton Gollwitzer admires the newly transplanted Sun Burst Locust tree now gracing the front lawn of the township hall. Come spring, the tree will add beautiful golds and yellows to the landscaping. - Enterprise-Roman photo

Another new tree presented township

That bleak look that has surrounded the Van Buren Township Hall is starting to disappear as yet another tree has been transplanted on the front lawn.

This is the second tree to find a new home on the township property through the efforts and generosity of the area residents.

The area for the latest move

was born when John and Chris Bentley of Bentley Tree Service realized the beautiful Sun Burst Locust they had been observing for some 10 years was standing in a high-way right-of-way and would probably be destroyed.

The tree was then growing on the Feitel Farm property on the North Service Drive. Mrs. Bentley's investigation

established that the property on which the tree was growing had been paid for by the state and that the state, which intended only to bulldoze the tree away, was content to have it moved and that the township would be pleased to add it to the township hall landscaping.

Township Supervisor G.E. Gollwitzer finally cleared the way for the big move which involved a procession of assorted vehicles traveling some three miles from the farm to the Township Hall.

John Bentley made the trip in a loader basket behind the truck to guide the over hang.

Carl Bentley, also with the firm, directed the digging and wireballing operation. He worked with two other men to free the 8500-pound ball from the earth and then prepare it for transporting.

A special five yard loader, donated by sand pit operator Frank Traskos, was used to maneuver the 40-foot tree onto and off the truck.

The Bentleys described the most difficult part of the move, other than the size of the tree, was maneuvering around the low power lines.

But those difficulties were forgotten when the fruit of their labor, the salvage of that beautiful 15-year old tree, was realized and she stood proudly in place in front of the Van Buren Township Hall.

Headstart handbook issued

Publication helps as resource guide

The Out Wayne County Head Start program has recently issued its new Parent Involvement Handbook.

Jerome C. Falwell project administrator, stated that the handbook is a resource guide for both parents and staff.

Falwell noted that the handbook assists families in obtaining short and long term assistance for social and financial problems. Twenty handbook pages are devoted to the Social Resources Directory and Wayne County Department of Social Services. The 90-page handbook provides detailed information about the following areas:

Section I: Introduction - The Why of Parent Involvement

Section II: What Parent Involvement in Head Start is All About

Section III: Information about Head Start Policy Groups

Section IV: How Head Start Programs are Funded

Section V: Glossary of Terms

Section VI: Out Wayne County Head Start Grantee Staff Organization Chart

Section VII: Social Resources Directory

Section VIII: Wayne County Department of Social Services programs.

Section IX: Map and Directory of Head Start Centers

Mrs. Iva Meeks, Coordinator of Parent Involvement for the Out Wayne County Head Start programs, stated that the handbook provides a clarification of Parent Involvement Guidelines for parents and staff which had never before existed.

Mrs. Meeks explained that with this tool the new parents are gaining a better understanding and feeling for parent involvement. The new handbook is especially meaningful to parents because it was prepared to meet the needs of Wayne County, whereas the handbooks printed by HEW-OC are either too technical or general in nature to be meaningful to parents.

Parents will find practical application in the sections devoted to "Suggestions for Keeping Head Start Going at How to Conduct and Participate in a Meeting," and the "Social Service Agencies."

The Social Services section lists 92 Wayne County agencies, as well as a synopsis of the services offered by each agency.

With Head Start directors, staff, and parents implementing national policies and goals at the local level in a spirit of mutual partnership, the result will be increased benefits to Head Start children.

"This handbook has been prepared to assist you in better understanding the Head Start program and your role in making the Head Start dream become a reality," states Project Director Falwell.

The Parent Involvement Handbook may be purchased by calling the Head Start Secretary, Mrs. Emily Hacker, at 562-1300 or by writing to the Head Start office at 25912 Annapolis Rd., Inkster, Michigan 48141.

You can now get a loan from NBD when you can't get a loan anywhere else.

We at NBD want your loan business. To get it, we've come up with a way for you to get an NBD Installoan at those times when most banks are closed.

Early in the morning, on your way to work, for example. On your way home at night. As well as any time during the day.

What we've done is open a series of Instant

Loan Centers—separate loan offices inside our bank that open before the bank does in the morning, and stay open after the bank closes.

As you can see they're private, they're obviously convenient, and they're fast. Because we've staffed them with people who know that their job is to give you a loan.

When you want a loan, stop in at the Instant

Loan Center at the NBD bank near you. It's the most convenient place in town to get a loan. Especially when every other bank in town is closed.

Berry re-elected board chairman

Michael Berry

Michael Berry has been re-elected chairman of the Board of Wayne County Road Commissioners for a two-year term.

Berry, an attorney, has been chairman for the past two years. Vice-Chairman Philip J. Neudeck declined the chairmanship and chose, instead, to remain a commissioner for the remainder of his current term.

Ordinarily, the post of chairman and vice-chairman rotate among the three commissioners every two years.

However, Neudeck's decision to decline the role of chairman broke the ordinary chain and Berry will retain his role while Commissioner Freddie G. Burton will become vice-chairman.

Neudeck said he looked forward to continued service on the Board.

Neudeck, a practicing attorney in Detroit for close to half a century, was elected to the road commission in 1962 by the then Wayne County Board of Supervisors.

Neudeck pointed to a number of public projects initiated under Berry's term as chairman. He moved that the chairman "continue in office for an additional term as these projects emerge from the planning to production stage."

Federal tax help offered by phone

Taxpayers in the Western Wayne County area can obtain assistance with their 1972 federal income tax returns Monday through Friday each week at the IRS office here starting this week, according to William Howarth, local District Director's Representative.

Internal Revenue Service personnel will be available to

provide federal income tax information from 8 a.m. to 4 p.m. The Dearborn office is located at 22720 Michigan Ave. Howarth suggests that many taxpayers will be able to obtain answers to their questions by phone. The assistance phone number in Dearborn is 226-7602.

In announcing taxpayer service days, Howarth noted

that many taxpayers will be able to use the new "short form" 1040A, which the IRS reintroduced this year. The IRS estimates that about 30 million taxpayers will be able to use the half-page form.

Taxpayers using the Form 1040 should also find their returns easier to prepare due to the more simplified language used in the in-

struction this year, Howarth said.

He also reminded taxpayers that the IRS may be able to compute the tax for individuals if they make less than \$20,000, take the standard deduction, and fill in certain portions of the return. The information required is explained in the Form 1040 and 1040A instruction booklets.

Howarth reminded taxpayers who plan to pay someone to prepare their return that the law requires the person to sign the form as preparer. The new forms also include a line for the preparer's Social Security or identification number.

Taxpayers who pay to have their returns prepared should be careful to select a qualified preparer, Howarth said.

Handicrafters set meeting next week

Romulus Senior Handicrafters will meet at 3:30 p.m. Tuesday in Gordonier Elementary School, 29814 Smith Rd., Inkster.

Originally scheduled Jan. 2, the meeting day was changed because of the holidays.

The group announced that Mrs. Beatrice West, a handicrafter and teacher, has become a member and accepted the office of handicraft chairman.

At Tuesday's meeting, she will discuss plans for activities, beginning with clay-pottery making, and will talk about any other skills the

membership may wish to learn or perfect.

An experienced handicrafter for many years, Mrs. West has taught such arts at Greenfield Village, and other places. She is a teacher at Gordonier School.

All members, and other

interested seniors, are urged by the group to attend next week's meeting and express their needs, as well as learn of future plans.

A handicraft exhibit will be displayed by the organization in the Romulus Library in February.

Leadership program underway

A program to develop adult leadership among residents of low-income areas by the Huron Valley Girl Scout Council has received a \$5,000 matching funds grant from national Girl Scouts of the U.S.A., it was announced today by Mrs. James A. Kennedy, Council President.

Under the program, three part-time field aides will begin in January to develop summer recreational programs for school age youngsters tailored to the needs of low-income neighborhoods. Possible sites for the program are Perry School and New Bethel neighborhoods in Ypsilanti and Norwayne community in Wayne County.

Through working with residents of these areas, the Girl Scout Council hopes to locate adults interested in working with young people on a sustained volunteer basis, and perhaps become troop leaders for their areas in the fall.

"We would like to see troops led by local people," Mrs. Kennedy stated, "Not only would it make for stronger troops, we feel, but it would also allow young people to see adults they know performing leadership roles."

The local program is one of over 20 such projects being funded by the Julie Eisenhower Fund and the Colgate-Palmolive Fund. The Julie Eisenhower Fund was created when Mrs. Eisenhower donated the profits from the sale of her crewel needlework designs. The matching funds will come from local private donations.

This leadership program is designed to coordinate with the current effort of the Huron Valley Girl Scout Council to establish Girl Scout troops in disadvantaged areas. Approximately 100 girls from these areas are organized into seven troops in a program begun this fall including one Brownie troop in Ann Arbor, and one Brownie, three Junior and two Cadette troops in Ypsilanti. Fifteen Eastern Michigan University students, social welfare majors, are serving as troop leaders as part of their field placement requirements for graduation.

The Huron Valley Girl Scout Council is an United Fund Agency.

MR. AND MRS. BLAINE D. PERHAM

Pre-holiday vows read in Belleville

Vickie L. Harris, daughter of Mr. and Mrs. Albert F. Harris of 8701-93 Belleville Road, Belleville, chose the holiday season for her marriage to Blaine D. Perham, son of Mrs. Cora Perham of 828 Kanawha, Rainelle, West Virginia.

The Grace Baptist Church in Belleville was the setting for the December 23 nuptials conducted by the Rev. William Gram. Some 50 relatives and close friends were assembled for the six o'clock single ring ceremony.

Given in marriage by her father, Vickie appeared in a street-length dress of white polyester knit styled with a ruffled V-neckline, long sleeves and ruffled hem.

A pearled Camelot cap held her shoulder-length veil and an arrangement of white carnations, red roses, holly, and evergreens completed her ensemble.

SANDRA GILBERT of Ypsilanti was the bride's only attendant. Her red velvet street-length frock was trimmed with white lace and accessorized by a red satin bow in her hair and a bouquet of red carnations and holly.

The bride's brother, Albert F. Harris, Jr., was asked to be best man. Ushers were Jack Johnson of Ypsilanti and Jack Starwas of Ann Arbor.

For her daughter's wedding, Mrs. Harris chose a cream-colored two-piece outfit with red accessories. She was presented with a corsage of red carnations and evergreen sprigs to compliment her dress.

GUESTS GATHERED at the Nash Street home of Mr. and Mrs. Jack Johnson in Ypsilanti for the reception which followed.

The newlyweds are now making their home in Rainelle, West Virginia where the bridegroom is self-employed as an electrician.

Prior to her marriage, the new Mrs. Perham was employed at the Ypsilanti Savings Bank. She is a 1969 graduate of Belleville High School and her husband an alumnus of Meadow Bridge High School in Meadow Bridge, West Virginia.

A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

You have probably thrown out last year's calendar by now. For all of us a new calendar is now in use. When you think of it, a single year is really a short period of time. Too short in fact to clutter it up with tangleing, depressing memories of shortcomings of ourselves or others. All of us should realize human hopes and dreams can be quickly passed by.

We hope your new year with new hopes, new dreams will see fulfillment. Above all, we hope you find it in your heart to be of service to God by being of service to your fellow man; to thoroughly enjoy the brotherhood of man under the fatherhood of God.

Don't you agree that if these hopes come true, all other hopes are of secondary importance?... (Signature Lines follow as instructed)

Jennifer is hostess at party

Four twinkling Christmas trees greeted party guests on the snowy afternoon of Saturday, December 16 at the home of Jennifer Stoyenoff, six-year-old daughter of the Fred Stoyenoffs of Sunrise Lane. The theme for the holiday party was set by the recreation room tree, which was adorned with tiny red felt stockings, gingerbread cookies, popcorn balls, and candy canes. More gingerbread cookies and candy canes made up the table centerpieces.

Filled felt stockings were carried home by each of the girls after they had enjoyed the games, Christmas carols, films (of Frederick the Mouse and of Elsa the Lioness), and a luncheon which was topped off with Christmas cupcakes and ice cream.

The guests, schoolmates of Jennifer's at Edgemont Elementary, were Cathi Habel, Jill Stevens, Carol Carlson, Janice and Laurie Burgess, Jacqueline DeFrancesco, Terri Sierota, and Jill Remus. Gila Dorostkar, a former classmate, also attended, along with Jennifer's cousins Joanne Morris of Southgate, and Kathy and Leslie Zager, new residents of Belleville.

Attending the young couple were the bride's sister, Carol Crow, as matron of honor; Debra Clayton, the bridegroom's sister as maid of honor; his brother, Ronald Clayton as best man; and Ronald Crow as usher.

The newlyweds spent a three-day honeymoon at the bridegroom's parents' cabin on Mack Lake near Mio and are now living with the bride's parents in Roscommon.

Willow Run labs dropped

The complex of research laboratories on the east side of Willow Run Airport has been severed from the University of Michigan after 26 years of U-M control.

The airport itself, however, still remains under university ownership.

Employing 290 persons, mostly scientists and engineers, and doing \$8 million business yearly, the labs Tuesday came under control of the Environmental Research Institute of Michigan, an independent,

nonprofit corporation. The labs currently have 73 research contracts and grants from government, private industry and foreign nations, including \$2 million from the National Aeronautics and Space Administration.

Dr. William M. Brown, director of the laboratories when they were part of the U-M Institute of Science and Technology, has ended his connection with the school to become president of the new corporation.

Romulus places second in River Rouge meet

WHERE DID BALL GO? — Although Romulus' Les Davis (20) and Inkster's Kevin Carter Ron Kersey (20) look as if they were squaring off in a boxing ring, however they're actually trying to find which direction the basketball bounced during a scramble in last Friday's semifinal game of the River Rouge tournament. Closing in are Romulus' Tony Owens (30), and Ron Bostick (44).

—Enterprise-Roman photos by Lothar Konietzko

Romulus was forced to settle for second place in the River Rouge Basketball Tournament when Highland Park edged the Eagles, 58-56, in the championship finale.

The Romulus cagers earned their way into the championship game by nipping Inkster, 60-59, and trouncing Assumption, 96-59, in previous games.

Despite Highland Park's tremendous height (its front line measures 6-7, 6-7, 6-5), Romulus managed to keep the contest close throughout the game. The real difference in the game came from the free throw situation.

The Eagles, 7-1 for the season, did not shoot a free throw for the first 20 minutes

of the game. Highland Park took advantage of its lack of fouls by playing their big men throughout the entire game.

"I'm really disappointed," said Eagle Coach Dave Court. "Our kids didn't deserve to lose. Highland Park is not near as good a team as we are."

"This will hurt the kids most in the rankings," he continued. "We are now No. 9 while Highland Park is No. 6."

Romulus nearly missed its opportunity to play for the championship as it squandered a 23-point lead built up late in the third quarter against Inkster.

The Eagles were forced to stall throughout the final quarter as Inkster employed a tenacious press defense.

Romulus finally iced the game on Ron Bostick's bucket with 9 seconds to play.

In the opening round of the tournament, Romulus outclassed a tall, but slow Assumption five. Court emp-

ted his bench in the final quarter as the Eagles opened up a 36-point margin.

"We have a rough schedule coming up in January," Court stated. "It will be an excellent chance to prove our ability."

Huron cagers place 8th in own tournament

There's much in favor of being a good host, but New Boston Huron's basketball team carried the entire matter too far last week.

The Chiefs, still looking for their first victory of the season, lost all three games in its own Huron Christmas Tournament and finished last in the eight-team field.

Huron lost to eventual champion Detroit Lutheran West, 98-58, in last Wednesday's opening round, then bowed to Milan, 73-56, Thursday and suffered a 94-53 setback at the hands of Dearborn Heights Annapolis Friday.

The Chiefs, owners of a 0-7 season record, had their best showing against Milan, one of the pre-tournament favorites although the Big Reds could do no better than sixth place.

Huron, led by Joe Richert's four points, shot into a 13-11 first period lead and, paced further by Richert and Jim Pidgeon, kept close to Milan until about midway through the fourth quarter.

Only a late game collapse -- Milan outscored the Chiefs, 23-9, in the final quarter -- resulted in the final 17-point margin of defeat.

Richert finished with 18 points for Huron, while Pidgeon added 13 and Tim Hinojosa scored 12 points.

Milan, however, received more than enough firepower from 6-3 sophomore guard Stan Joplin, who scored 37 points. Jay Hotchkiss added 12 points for the Big Reds.

Huron was virtually run off

its own floor in the other two contests. Once beaten Lutheran West, with Dave Baxter getting 10 points, jumped into a 23-12 first period lead and boosted its margin to 13 points at halftime before erupting for a 31-9 third quarter.

Lutheran West, whose shortest starter stands 6-1, got 18 points from 6-4 Tim Tipton, 17 from Rico Jenkins, 14 from Bazter, 12 from reserve Ken Simmons and 11 from 6-3 Scott Price.

Tim Hinojosa led the Chiefs with 19 points, 17 of them in the first half. Huron's six-foot center sat out much of the second quarter due to fouls. Pidgeon added 10.

Against Annapolis, it was another case of a disastrous start dooming the Chiefs. Huron trailed by 22-8 after the first eight minutes.

Even a 20-point second period effort did not Huron any good as Annapolis burst out with 32 points of its own and a 54-28 halftime lead.

Phil Rush, a 6-3 reserve, topped Huron's scoring with 11 points. Richert and Dana Kemp added nine points each.

Chuch Barnhouse, a 6-5 center for Annapolis, netted 32 points, while 6-4 teammate Doug Lang added 19. Jeff Switzer netted 10 points.

Huron will return to Huron League competition Friday at home against Grosse Ile.

Milan won the junior varsity championship. Huron finished seventh.

Milan won the junior varsity tourney championship with a 65-57 victory over Gibraltar Carlson. Huron finished seventh.

NOTICE OF PUBLIC HEARING WAYNE COUNTY ROAD COMMISSIONERS

AIRPORT CONSTRUCTION

The Board of County Road Commissioners of the County of Wayne, Michigan announces that, pursuant to Section 16(d) of the Airport and Airway Development Act of 1970 (P.L. 91-258), it will hold a Public Hearing concerning a proposed new runway and related facilities at Detroit Metropolitan Wayne County Airport. The Hearing will commence at 6:00 P.M., Eastern Standard Time, on January 5, 1973 at Romulus Senior High School, 9650 South Wayne Road, Romulus, Michigan 48174.

PROJECT DESCRIPTION

The proposed new runway will serve airline operations for domestic and international, as well as air cargo and general aviation activities. It will be constructed in a northeast-southwest alignment parallel to the two existing northeast-southwest runways. The runway will be 2,000 feet southeast of the existing Runway 3R-21L, and will be 10,000 feet long and 150 feet wide with a supporting taxiway system. The proposed construction will include, in addition to the runway-taxiway system, necessary runway and taxiway lighting, required navigational aids, security fencing and a new storm drainage system outfalling to a new retention basin. To accommodate this runway-taxiway system it will be necessary to relocate Eureka Road and to relocate the existing perimeter drainage ditch. It will be necessary to utilize 1,524 acres of land for these improvements, which have been or will be acquired.

The Hearing will afford interested persons, groups, and agencies an opportunity for public consideration of the economic, social and environmental effects of the proposed new runway and related facilities and its consistency with the goals and objectives of such urban planning as has been carried out by the community. "Social, economic, and environmental effects" mean the direct and indirect benefits or losses to the community as a result of the proposed development. These benefits or losses may include but are not limited to effects on:

- a. Safe and efficient use of the Airport;
- b. Economic activity;
- c. Public health and safety;
- d. Property values; and
- e. The human and natural environment, including:
 - (1) Displacement of persons and replacement housing;
 - (2) Sound;
 - (3) Neighborhood character and location;
 - (4) Fish and wildlife;
 - (5) Historic, natural, scenic, and recreation areas;
 - (6) Water and air quality;
 - (7) Land use;
 - (8) Protection and enhancement of natural resources and the quality of environment; and
 - (9) Feasible and prudent alternatives to potential adverse effects on the environment, including consideration of need for the proposed development.

Interested parties may present oral testimony of their views concerning these matters. Although it is not mandatory, the Wayne County Road Commission requests those intending to make oral presentations at the Hearing to notify the Board in writing or by telephone to: Mr. Charles Van Deusen, Project Director, Mezzanine, L. C. Smith Terminal, Detroit Metropolitan Wayne County Airport, Detroit, Michigan 48242, Telephone: Area Code 313, 941-4891, by Tuesday, January 2, 1973. Anyone wishing to submit questions for comment by the Road Commission in its presentation at the Hearing are invited to do so in writing to the above address.

In addition, written statements and other exhibits relating to these matters will be incorporated into the transcript of the Hearing, provided such statements or exhibits are submitted to: Mr. James M. Davey, Managing Director of the Wayne County Road Commission, 7th Floor City-County Building, Detroit, Michigan 48226, Telephone: Area Code 313, 224-2002, by January 29, 1973. Such written statements or other exhibits may be submitted by any interested party whether or not such party participates in the oral Hearing.

In order to afford all those desiring to express their views an opportunity to be heard, each speaker should plan to limit the oral presentation to ten minutes or less. If this time allocation will not provide an adequate opportunity for a fair oral presentation of your views, please contact Mr. James M. Davey, Managing Director of the Board, in advance of the Hearing. In addition to oral presentations, written statements and other exhibits without any length limit are welcomed to supplement the oral presentation, all of which will be incorporated into the transcript.
